Resources to Support Deaf and Hearing-Impaired Children

A selection of books and other resources to support deaf or hearing-impaired young children, including tactile books, and books with signing. You may also be interested in our Sensory Stories Booklist.

In addition to these resources available for loan, families with hearing impaired children under five can request a [Bookstart Shine Pack](#), which includes free books to keep and a guide for sharing stories with deaf children, by contacting their local library.

Search our [library catalogue](#) where you can find out more about the book, find out which library has a copy, or reserve a copy for collection at your local library.
